LUXURY

Lujo heterogéneo

Inspirada en el mármol Travertino, que refleja todo el esplendor de la época romana, la colección Luxury consigue diferentes efectos decorativos por sus magníficos veteados, su morfología heterogénea y sus insólitas tonalidades. Además, el acabado Soft resalta su aspecto pétreo.

Diverse luxury

Inspired by Travertine marble, which reflects all the splendour of the Roman era, the Luxury collection achieves different decorative effects with its magnificent veins, its diverse forms and its unusual tones. In addition, the Soft finish enhances its stony appearance.

Inspirée du marbre Travertin, qui reflète toute la splendeur de l'époque romaine, la collection Luxury présente une variété d'effets décoratifs grâce à ses magnifiques veines, sa morphologie hétérogène et ses incroyables bains. De plus, la finition Soft fait ressortir son aspect pierreux.

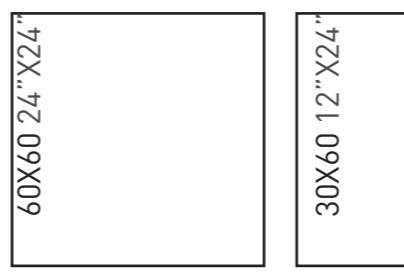

Inspiriert vom Travertinmarmor, der die ganze Pracht der Römerzeit widerspiegelt, erzielt die Luxury-Kollektion durch ihre prächtige Ader, ihre heterogene Morphologie und die ungewöhnlichen Farbtöne unterschiedliche dekorative Effekte. Darüber hinaus verstärkt die Soft-Fertigung das steinerne Aussehen.
