## Urban character

In neutral and discreet tones, Underground represents a cement with embedded stones that transports us directly to a New York street. An urban proposal of remarkable personality, whose effect of continuity makes it ideal for metropolitan and industrial environments.

## Carácter urbano

En tonos neutros y discretos, Underground representa un cemento con piedras incrustadas que nos transporta directamente a una calle de Nueva York. Una propuesta urbanita de remarcada personalidad, cuyo efecto de continuidad hace que sea ideal para ambientes metropolitanos e industriales.

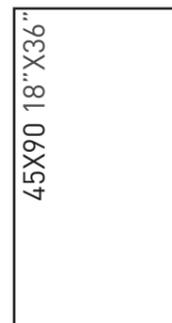

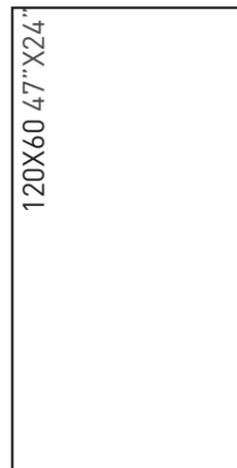

Dans des tons neutres et discrets, Underground représente un ciment avec des pierres incrustées qui nous transporte directement dans une rue de New York. Une proposition urbaine d'une personnalité remarquable, dont l'effet de continuité la rend idéale pour les environnements métropolitains et industriels.

In neutralen und dezerten Tönen stellt Underground einen Zement mit eingebetteten Steinen her, der uns direkt die Straßen New Yorks bringt. Ein städtebaulicher Vorschlag von bemerkenswerter Persönlichkeit, der sich aufgrund seiner Kontinuität ideal für städtische und industrielle Umgebungen eignet.
