

Maya Bone

Ref. FRHE054BO1

Exceptional brightness. Our ROCA polished pavements and coverings are exceptionally bright, acquiring the distinctive and elegant finish of recently polished natural marble. This has been possible thanks to a major technical development that achieves this high degree of reflectivity and resistance in a much wider colour range than that offered by natural stone. This range includes a wide variety of natural marble finishes, with a colour spectrum that varies from the snowy white of Boheme Blanco to the intense black marbling of Sahara Noir, complemented with graphite finishes and the industrial touch of vitrified cement.

Base Pulido

Finish: Polished
 Rectified edges
 Shade variation value: V3 (Medium)
 ·Boxes / Pallet: 32
 ·Kg / Box: 33.59
 ·Kg / Pallet: 1075.01
 ·Pieces / Box: 2
 ·m2 / Box: 1.44
 ·m2 / Palet: 46.08

Dimensions

Length: 60 cm.
 Width: 120 cm.

Polished Porcelain
