# The Gap

Created by the renowned designer Antonio Bullo, The Gap collection is a comprehensive range of brilliantly designed bathroom products including basins, WCs and a urinal.

The Gap products imbibe the charm of clean lines, symmetry and minimalism that enable one to optimise any bathroom space. The range is high on style and functionality and its products are already associated with some of the world's most recognisable landmarks.

# Antonio Bullo

With a specialization in ceramics, Antonio Bullo is the recipient of four gold medals from the Faenza International Ceramic Competition as well as two Design Plus Awards by ISH Frankfurt. A world-renowned industrial designer who resides in Venice, he believes that a product must be an extension of the company's soul and consistent with the markets in which it competes.

# Noted Projects by Roca

Roca has always been synonymous with the ideals of luxurious living. A global leader, it continues to be the prime choice for those looking for bathroom spaces that encapsulate well-crafted elegance. It is for this very reason that The Gap range by the Spanish bathroom solutions provider has been chosen by some of the most iconic projects around the world such as JW Marriott Hotel (Oman), The Emirates Hospital (U.A.E), Al Jazeera Airways Building and Kuwait International airport (Kuwait), The Australian Memorial (France), National Palace of Culture (Bulgaria) and many more.
